## Course Description:

The Ponseti method is an effective, inexpensive method of treatment for Congenital Talipes Equinovarus (clubfoot) which avoids the need for extensive surgery. With the Ponseti method, clubfoot can be corrected within 3 months by performing serial manipulations and casting. Minimal surgery or no surgery is required.

The course format will include lectures, discussions, case presentations and hands-on workshops.

## Intended For:

All those involved in the care of children with Congenital Talipes Equinovarus including physiotherapists, nurse practitioners, orthotists, plaster technicians, orthopaedic surgeons and paediatricians.

## Accreditation:

This activity meets MOPS requirements for the RACS/RACP.

## Course Venue:

The course will be held at the Sydney Convention Centre, located on the waterfront in the heart of Sydney's most popular visitor precinct, Darling Harbour. For website see [www.scec.com.au](http://www.scec.com.au)

## Car Parking:

Car parking is available underneath the Exhibition Centre on Darling Drive. The Day Rate for 4+ hours is \$27.00

## Accommodation:

A map indicating nearby hotels is provided. Many of these are within 10 minutes walk from the Convention Centre. Discounted conference room rates have been organised at Accor's Darling Harbour Hotels. Call Reservations on 02 9934 0000 or email Accor's Darling Harbour Hotels on [H1181-re33@accor.com](mailto:H1181-re33@accor.com) Please quote reference [PON150208](#).

## Registration:

All prices quoted are in Australian Dollars and are *inclusive* of GST. **Early registration is recommended as places are strictly limited.** Registration includes conference material, certificate of attendance, morning and afternoon teas and lunch.

Conference Registration	Early (Paid by 30/9/07)	Standard (Paid by 31/12/07)	Late (After 31/12/07)
