Nursing & Allied Health

Paediatric Research Seminar 2007

Wednesday 29th August 2007

Program & Registration

Our annual Seminar is a forum for the presentation of new scientific and practice-based research in paediatrics and child health.

It also provides an opportunity for the sharing of information on the development, implementation and outcomes of quality research between disciplines and specialties.

Come and help us consider creating better futures for our science, our clinical practice, our kids and their families.
