

Practice Development Perspectives: what is really happening at the heart of practice!

**1 day healthcare conference
Friday 30th October 2009**

Abstracts are invited for all healthcare clinicians and academics on Practice, Evaluation and Research perspectives of Practice development. Both oral presentations and posters are welcome

Abstract submission guidelines

Abstracts must be 250 words or less and include:

- Presentation title and format (oral/ poster)
- 3 intended learning outcomes
- Names of all authors (please highlight presenter's name)
- Contact details (address, email and phone number)

In writing your abstract, you may also like to consider:

- What was the problem or area of concern?
- How did you go about implementing the change?
- How did the change impact on those involved?

Please forward your abstract via email to Anne Bassett at anneb1@chw.edu.au

Abstracts close: Friday 17th July 2009

Abstract outcomes will be notified via email to the presenter in early August
